

## **SPECIAL EVENTS PROPOSAL**

**5115 CHURCH STREET**

**SKOKIE, IL. 60077**

**847-677-2010 FAX 847-677-3790**

### **INSTALLING AND SECURING TENTS**

If the customer would like the tent to be anchored without stakes, House of Rental can secure the tent with 55 gallon water barrels. This process takes more time and adds risk of damage to the tent and any property under or near the tent.

Tents are designed to be secured using stakes and concrete anchors or weighted blocks. Customer accepts full responsibility, and shall indemnify, defend and hold House of Rental harmless, from and against any claims, damage to property, or injury to persons resulting from customer requesting any tent be installed and secured in any other manner. House of Rental is not responsible for repairing asphalt or concrete surfaces damaged in connection with the normal installation process.

At all times, the customer agrees to be responsible for the safety and security of the tent during the rental period and any layover period.
