

## IMPORTANT INFORMATION

Use caution during installation. The user assumes all risk of injury during set up and use. Follow all safety precautions to avoid injury.

\* Never set up or continue to use this product in potentially inclement weather including wind, rain, snow, and lightning storms. Wind and rain may damage the canopy which could result in injury to the users.

\* The canopy should not be used as shelter during heavy or prolonged rain. Canopy cannot be left up during storms or windy conditions.

\* This canopy is designed for temporary use and not as a permanent structure. Do not leave canopy erected or unattended for extended periods of time. Install canopy just before the event and take down right after the event. Store canopy inside when not in use.

\* Always anchor the canopy with stakes or sandbag weights provided.

\* Do not use the canopy near an open fire or any heat source. There is no cooking or grilling allowed under or within 20' of canopy. The use of patio heaters under canopy is prohibited.

\* Use caution when opening and closing the frame and take care to avoid pinching fingers.

**CUSTOMER WILL BE RESPONSIBLE FOR REPLACEMENT COST IF UNIT IS RETURNED DAMAGED.**

## ***How To SET UP***

---

**\*6.** Grasp the bottom of the diamond shaped area of trusses on opposite sides by the "open" sticker. Lift up and step backwards until shelter is fully opened, being careful not to pinch fingers.

**\*7.** Engage the auto slider at each corner by pushing up with one hand while holding down the top of the leg with the other hand. The pull pin will engage the hole. Then pull down the hem of the top. Repeat at all four corners.

---

**\*8.** Lift two adjacent outer legs up 1" and slide out the inner legs until the snap button locks. Repeat on the opposite legs - make sure to do two legs at a time.

**\*Note:** Once top is permanently attached, only perform steps 1 and 6 - 8 to set up.

## How To TAKE DOWN

**1.** With partner, slightly lift up two adjacent outer legs 1", depress snap button and telescope inner legs into outer legs. Repeat on the opposite legs - making sure to do two legs at a time.

**2.** Release pull pin at each corner by first lifting valance fabric away from slider. With one hand hold the top of the leg while pulling the pin out to release.

**3.** Grasp the top diamond on opposite sides by "close" sticker. Lift the shelter up slightly and shake it while stepping towards your partner until the unit is 3/4 closed. With each partner grasping two outer legs, push frame together to fully close it - Be careful not to pinch fingers. Store shelter in roller bag.
